ILLINOIS DEPARTMENT OF PUBLIC HEALTH--Emergency Adoption of Rules and Regulations For Administration of the Illinois Water Well and Pump Installation Contractor's License.

The Illinois Department of Public Health hereby gives notice that it has adopted on an emergency basis the Rules and Regulations For Administration of the Illinois Water Well and Pump Installation Contractor's License promulgated in accordance with the Illinois Water Well and Pump Installation Contractor's License Act (Chapter 111 $\frac{1}{2}$, Sections 116.76 - 116.104 of the Illinois Revised Statutes).

These rules were promulgated on February 21, 1978, were submitted to and accepted by the Secretary of State for emergency filing on February 22, 1978, and became immediately effective in accordance with Section 5(a)3 of the Illinois Administrative Procedure Act.

The Department of Public Health is adopting these rules because on September 15, 1977, the Illinois Water Well and Pump Installation Contractor's License Act was amended to give administrative responsibility to the Illinois Department of Public Health. Prior to that amendment, administrative responsibility was given to the Illinois Department of Registration and Education. These rules are identical to rules previously administered by the Department of Registration and Education, with the exception of Rule I(4) which the Department of Public Health has revised to require an application for examination to be received at least thirty days prior to the date of the examination.

These rules were adopted on an emergency basis because the first examination administered by the Department of Public Health will be held on March 29, 1978, and these rules must be in effect thirty days in advance of the examination to give the applicants adequate notice of the rules used to administer the examination.

These rules cover the requirements for the submission of an application to take the Illinois Water Well and/or Pump Installation Contractor's License Examination. These rules also address the basis upon which examinations shall be given, graded, and used in determining whether or not a license is issued.

A complete text of the rules follows:

JOINT COMMITTEE ON ADMINISTRATIVE RULESCERTIFICATION OF OBJECTIONS

Pursuant to Sections 7.04 and 7.06 of the Illinois Administrative Procedure Act, as amended, the Joint Committee On Administrative Rules, at its meeting on February 21, 1978, objected to the Rule 56.01, implementing the provisions of the Charitable Risk Pool Trust Act, Public Act 80-530, proposed by the Illinois Department of Insurance.

A statement of the Joint Committee's specific objections accompanies this certification.

Please take notice that failure to respond within 90 days of receipt of the statement of objections shall constitute withdrawal of the proposed Rule published in the January 20, 1978. Illinois Register in its entirety.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTIONS

The Joint Committee on Administrative Rules objects to Rule 56.01, implementing the provisions of the Charitable Risk Pool Trust Act, Public Act 80-530, proposed by the Illinois Department of Insurance specifically as follows:

1. Proposed Rule 56.01, Section 2(B)(3) which reads:
 - B. The Trust instrument shall be in writing and shall be executed and in addition to the requirements contained in the Act shall contain provisions addressing the following:
 3. a requirement that all beneficiaries be residents of the State of Illinois and have their operations confined solely to Illinois. It is the specific intention of this requirement to restrict the use of the Act only to charities and religious entities located and operating exclusively in the State of Illinois.

The Joint Committee objects to this provision because Public Act 80-530 does not, either by express terms or by legislative intent, authorize the Department to impose such a restrictive requirement on trust beneficiaries. Section 4 of the Act requires only that a beneficiary be incorporated in Illinois or possess a Certificate of Authority from the Secretary of State.

JOINT COMMITTEE ON ADMINISTRATIVE RULESCERTIFICATION OF OBJECTIONS

Pursuant to Sections 7.04 and 7.06 of the Illinois Administrative Procedure Act, as amended, the Joint Committee On Administrative Rules, at its meeting on February 21, 1978, objected to the Rules for Medical Vendor Administrative Proceedings, implementing the provisions of Public Act 80-2nd S.S.-2, proposed by the Illinois Department of Public Aid.

A statement of the Joint Committee's specific objections accompanies this certification.

Please take notice that failure to respond within 90 days of receipt of the statement of objections shall constitute withdrawal of the proposed Rules published in the January 13, 1978, Illinois Register in their entirety.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTIONS

The Joint Committee on Administrative Rules objects to the Rules for Medical Vendor Administrative Proceedings, implementing the provisions of Public Act 80-2nd S.S.-2, proposed by the Illinois Department of Public Aid specifically as follows:

1. Proposed Rule 4.41(3) which reads in part:
4.41 Denial of Application

....

The Department may deny an application submitted by a vendor that has been previously terminated, barred or denied participation if...

- (3) the Department determines, after reviewing the activities which served as the basis for the earlier termination or barring, that the application should not be approved.

At the Joint Committee meeting on February 21, 1978, the Department stated that decisions to deny applications of vendors that have been previously terminated would be made on a case by case basis, considering factors such as length of time since termination, corrective measures taken, etc. The Joint Committee does not question the authority of the Department to promulgate such a rule; however, the basis for determination set forth above is a policy statement which must be set forth in the Proposed Rule.

2. Proposed Rule 4.51 which reads in part:
4.51 Recovery of Money

The Department may recover money improperly or erroneously paid, or overpayments, either by set-off, crediting against future billings or by requiring direct repayment. These actions may be taken whenever the Department determines that a vendor may have submitted bills in a manner not consistent with Department policy, or if it determines that a vendor may have received payment to which he may not have been properly entitled.

The Proposed Rule appears to authorize recovery of allegedly improper or erroneous payments prior to any opportunity for the vendor to request a hearing to contest the Department's determination.

3. Proposed Rule 4.61 which reads in part:

4.61 Termination

The Department may terminate a vendor's eligibility to participate in the Medical Assistance Program if it determines that, at any time prior or subsequent to the effective date of these Rules:

....

Section 12-4.26 of Public Act 80-2nd S.S.-2 expressly limits termination for a vendor's past conduct to instances "where the vendor had actual or constructive knowledge of the requirements which applied to his conduct or activities." By omitting this from the Proposed Rule, the Department appears to be exceeding its statutory authority.

4. Proposed Rule 4.61(j) which reads:

4.61 Termination

....

- (j) Conviction in this or any other State of any crime not related to the Medical Assistance Program which is a felony, under the laws of that State, or conviction in a federal court of any crime not related to the Medical Assistance Program which is a felony, if the Department determines after investigation, that the vendor's continued participation would not be in the public interest.

There are no criteria set forth in the Proposed Rule which would indicate what criteria will be used to determine whether continued participation in the program is not in the "public interest."

5. Proposed Rule 4.65 which reads in part:

4.65 Withholding of Payments During Pendency of Proceeding

Payments on pending and subsequently submitted bills may be withheld during the pendency of the administrative proceeding....

Again, at the Joint Committee meeting the Department explained precisely the circumstances under which payments would or would not be withheld. Such policy statements must be expressed as a Rule.

6. Proposed Rule 4.93 which reads:

4.93 Repeal of Prior Rules

These Rules shall become effective immediately upon filing a certified copy thereof with the Secretary of State of the State of Illinois as provided by the statutes of the State of Illinois in such cases made and provided, and shall supersede all other rules and regulations covering subject matter embraced in these rules.

The Joint Committee realizes that these Proposed Rules are identical in every respect to the Emergency Rules previously filed by the Department covering this subject. However, as a Proposed Rule, 4.93 is contrary to Section 6(c) of the Illinois Administrative Procedure Act, as amended, which provides that rules are effective ten days after filing with the Secretary of State. Also, it is apparently the intent of the Department to repeal the Emergency Rules to be replaced by these Proposed Rules. This should be done by express language.

7. The term "management responsibility" wherever it appears in the Proposed Rules.

This term, which also appears throughout Public Act 80-2nd S.S.-2, is nowhere defined in the Proposed Rules. The Legislature has established a general policy, and has delegated to the Department the responsibility and authority to implement that policy through rules based upon the Department's experience and expertise. By leaving the definition of "management responsibility" to the courts, the Department is not carrying out its responsibility as delegated by the Legislature.

JOINT COMMITTEE ON ADMINISTRATIVE RULESCERTIFICATION OF OBJECTIONS

Pursuant to Sections 7.04 and 7.06 of the Illinois Administrative Procedure Act, as amended, the Joint Committee On Administrative Rules, at its meeting on February 21, 1978, objected to the amendments to Rule 4.14, Adoption of Rate Schedules for SNF/PED Payment, proposed by the Illinois Department of Public Aid.

A statement of the Joint Committee's specific objections accompanies this certification.

Please take notice that failure to respond within 90 days of receipt of the statement of objections shall constitute withdrawal of the proposed amendments published in the February 3, 1978, Illinois Register in their entirety.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTIONS

The Joint Committee on Administrative Rules objects to Rule 4.14, Adoption of Rate Schedules for SNF/PED Payment, proposed by the Illinois Department of Public Aid specifically as follows:

1. Rule 4.14, within which the proposed rate schedules are to be included consists of eight pages of text and two substantive attachments totalling sixty-five pages. The fact that the Rule is not internally subdivided and numbered in a systematic way makes discussion of, and citation to, specific provisions difficult, if not impossible. This defeats the purpose of requiring agencies to publish their rules so that those affected by such rules may understand what is required of them by the agency.

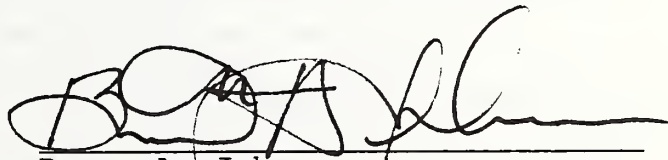

JOINT COMMITTEE ON ADMINISTRATIVE RULESCERTIFICATION OF OBJECTIONS

Pursuant to Sections 7.04 and 7.06 of the Illinois Administrative Procedure Act, as amended, the Joint Committee On Administrative Rules, at its meeting on February 21, 1978, objected to the Rules for Grant Awards to Family Practice Residencies, implementing the provisions of the Family Practice Residency Act, Public Act 80-478, proposed by the Illinois Department of Public Health.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENT OF OBJECTIONS

The Joint Committee on Administrative Rules objects to the Rules for Grant Awards to Family Practice Residencies, implementing the provisions of the Family Practice Residency Act, Public Act 80-478, proposed by the Illinois Department of Public Health specifically as follows:

1. Proposed Rule 3.01 which reads:
 - 3.01 Membership of the Advisory Committee shall include the Executive Secretary of the State-wide Health Coordinating Council, one school of medicine or osteopathy dean, four family practitioners and three members of the general public capable of advising the Director in matters of financial aid, underserved populations, or who utilize family practice services.

Since this Proposed Rule restates only part of Section 5 of the Act, it is confusing and possibly misleading. It would be preferable to reference "the advisory committee created by Section 5 of the Act."

2. Proposed Rule 3.02.5 which reads:
 - 3.02.5 Meetings shall be at the discretion of the Director.

The statutory requirement in Section 5 of the Act that the Advisory Committee meet at least once a year should be included.

3. Proposed Rule 4.02 which reads:
 - 4.02 Eligibility-Any accredited family practice program, school of medicine or osteopathy with a department of family practice, or any community sponsoring agency or educational extension of family practice residencies in designated shortage areas of the State may apply for a grant under this Act.

The rule should clearly state the sense in which the word "committed" is used in the Proposed Rule.

4. Proposed Rule 4.04.4 which reads:
4.04 Project Requirements - Each applicant shall:

4.04.4 Participate in research and reporting as required by the Director at appropriate intervals.

Whether the Director requires participation in research and reporting at fixed or variable intervals, the use of the term "appropriate intervals" in the Proposed Rule does not sufficiently inform applicants of their obligations.

5. Proposed Rule 4.05 which reads:
4.05 Project Preferences - The Director, after consultation with the Advisory Committee, will approve all applications, taking into consideration the following program elements:....

The wording of the Proposed Rule implies that the Director will not disapprove any applications. Unless this is the intent of the Proposed Rule, the wording should be changed.

6. Proposed Rule 4.05.3 which reads:
4.05.3 The understanding of the political and social conditions under which a medical practice is conducted.

This Proposed Rule in this context is inappropriate and unnecessary and the language should be deleted.

7. Proposed Rule 5.04 which reads:
5.04 Each applicant shall be accountable to expend the funds solely for carrying out the approved project. Failure to show accountability will terminate further awards, and recoupment may be required after judicial hearing.

This provision does not meet the requirements contained in the Illinois Administrative Procedure Act concerning contested cases.

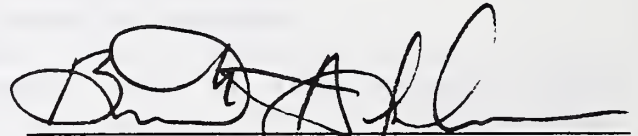

JOINT COMMITTEE ON ADMINISTRATIVE RULESCERTIFICATION OF OBJECTIONS

Pursuant to Sections 7.04 and 7.06 of the Illinois Administrative Procedure Act, as amended, the Joint Committee On Administrative Rules, at its meeting on February 21, 1978, objected to the Rules for Licensure of Home Health Agencies, implementing the provisions of the Home Health Agency Licensing Act, Public Act 80-804, proposed by the Illinois Department of Public Health.

A statement of the Joint Committee's specific objections accompanies this certification.

Please take notice that failure to respond within 90 days of receipt of the statement of objections shall constitute withdrawal of the proposed amendments published in the January 20, 1978, Illinois Register in their entirety.

JOINT COMMITTEE ON ADMINISTRATIVE RULES
ILLINOIS GENERAL ASSEMBLY

STATEMENTS OF OBJECTIONS

The Joint Committee on Administrative Rules objects to the Rules for Licensure of Home Health Agencies, implementing the provisions of the Home Health Agency Licensing Act, Public Act 80-804, proposed by the Illinois Department of Public Health specifically as follows:

1. Proposed Rule 2.0.

The Joint Committee objects to the following terms as defined in Proposed Rule 2.0: Administrator; Branch Office; Clinical Note; Home Health Aide; Plan of Treatment; Supervision. The definitions go beyond the intent of Public Act 80-804 in that they impose requirements upon home health agencies not contemplated by the Legislature.

2. Proposed Rule 6.05 which reads:

6.05 License Nontransferable

1) Each license shall be issued only for the home health agency named in the application and shall not be transferred or assigned to any other person, agency or corporation.

2) Sale, assignment, lease or other transfer, voluntary or involuntary, shall require relicensure by the new owner or person in interest prior to maintaining, operating or conducting a home health agency.

Subparagraph 2) of Proposed Rule provides, in effect, for the automatic revocation of a license when control of the home health agency is transferred. Such a provision is not authorized by Section 9 of Public Act 80-804, which states the authority of the Department to revoke licenses.

3. Proposed Rule 6.06(3).

The Joint Committee objects to the requirement that approval of the Health Systems Agency be obtained for each annual license renewal.

4. Proposed Rule 6.06(3)(c). [Note: The letter(c) appears to have been inadvertently omitted from the text of the Proposed Rule as published in the Illinois Register.]

This Proposed Rule exceeds the authority of the Department in that it purports to prescribe to the various health systems agencies the criteria they should use to approve a home health agency. Section 6 of Public Act 80-804 requires only that the health systems agency certify that the home health agency service is consistent with the health service plan of the health systems agency.
